SUSTAINABILITY

Currency

Currency gives you the value you need without sacrificing the look you desire.

A contemporary desk and storage system designed to work as a stand alone product, or work with other systems. Aesthetics, compatibility and affordability have been rolled up into one sweet package. This contemporary laminate desk system is solid construction with attention to detail.

ADDITIONAL PRODUCT INFORMATION

▶ <http://www.steelcase.com/products/desk-systems/currency/>

SUSTAINABILITY

Payback

Payback is the all-in-one solution that works hard in any professional setting. It features both desk and storage options.

Furnish a meeting room, private office or entire workplace to fit your needs while maintaining consistency throughout. Payback's broad selection of assembled and modular components can be configured and reconfigured all while maintaining a small footprint.

ADDITIONAL PRODUCT INFORMATION

▶ <http://www.steelcase.com/products/desk-systems/payback/>

SUSTAINABILITY

Walden

The contemporary styling of Walden is designed with you and your workstyle in mind. Thoughtful options, quality components and natural wood reflect your commitment to excellence. Walden is about options. You can choose what's right for your image and budget without making compromises. Durable and hard working, Walden is a solid investment.

ADDITIONAL PRODUCT INFORMATION

▶ <http://www.steelcase.com/products/desk-systems/walden/>

SUSTAINABILITY

Garland

Garland offers elegant transitional styling with impeccable detailing and an array of options. Elegant. Affordable. Versatile.

Surround yourself in the natural warmth of Garland. Enjoy the enduring character of wood and the intelligence of research-based design. With a refined choice of moldings, hardwood veneers and elegant styling, Garland offers an array of options – including “cockpit” configurations with curvilinear worksurfaces.

ADDITIONAL PRODUCT INFORMATION

▶ <http://www.steelcase.com/products/desk-systems/garland/>

SUSTAINABILITY

Norfolk II

Norfolk II traditional wood furniture conveys an unmistakable image of refined elegance. Its rich appearance reflects a classic style, and its presence leads sophistication to any office.

ADDITIONAL PRODUCT INFORMATION

▶ <http://www.steelcase.com/products/desk-systems/norfolk-ii/>

SUSTAINABILITY

Kick

Kick was designed to seamlessly integrate and complement a variety of other Steelcase products. When considering a panel solution, it's important to understand the balance between privacy and collaboration needs and adjust the solution accordingly.

ADDITIONAL PRODUCT INFORMATION

▶ <http://www.steelcase.com/products/panels/kick-panels/>

SUSTAINABILITY

Kick Freestanding

Kick Freestanding is a furniture system that blends with the Kick Panel System. With all the essentials, walls, desks and storage, Kick Freestanding is one of the most versatile product lines designed to express your style and meet individualistic needs.

ADDITIONAL PRODUCT INFORMATION

▶ <http://www.steelcase.com/products/desk-systems/kick/>

SUSTAINABILITY

Answer

Answer solutions offer a range of applications, aesthetics, technology integration and adaptability, optimizing the performance of the workforce and workplace.

Designed to support a range of work styles and needs, for both individuals and groups. The consistent design language and wide range of aesthetic options and material choices ensure fluid and flawless integration into any work environment.

ADDITIONAL PRODUCT INFORMATION

▶ <https://www.steelcase.com/products/desk-systems/answer/>

SUSTAINABILITY

Answer Freestanding

Answer® Freestanding Desk and Components are designed to work together. Desks, tables, towers and other storage units can be used to create individual and team spaces that share a common aesthetic. Components are ordered separately and assembled in the field.

ADDITIONAL PRODUCT INFORMATION

▶ <https://www.steelcase.com/products/desktop-systems/answer/>

SUSTAINABILITY

Airtouch

The innovative Airtouch® mechanism gives workers the ability to effortlessly, quickly and quietly adjust worksurface height while encouraging frequent workstyle transitions. With a light touch, workers can adjust their worksurface from 26" to 43" to fit their personal or task-related needs, be it sitting, standing, collaborative or solo.

ADDITIONAL PRODUCT INFORMATION

▶ <http://www.steelcase.com/products/tables/airtouch/>

SUSTAINABILITY

Series 3

The simple adjustment of Series 3 allows users to position their worksurfaces at the correct height for healthy, efficient computer keying, mousing and viewing, as well as keep frequently accessed worktools close. Designed to integrate with adjacent components, Series 3 worksurfaces maximize real estate and create workspace cohesiveness.

ADDITIONAL PRODUCT INFORMATION

▶ <http://www.steelcase.com/products/tables/series-3/>

SUSTAINABILITY

Series 5

Series 5 is a full sit-to-stand electric height-adjustable worksurface that easily moves for people who need to. Today's furniture is not about static postures and static thinking. It's all about movement. Series 5 delivers the motion and emotion that helps to bring health to workers and the workplace.

ADDITIONAL PRODUCT INFORMATION

▶ <http://www.steelcase.com/products/tables/series-5/>

SUSTAINABILITY

Series 9

Changing posture throughout the workday can positively affect the physical and cognitive wellbeing of individuals while improving overall productivity. Series 9 enhanced sit-to-stand height-adjustable tables promote these healthy changes.

SUSTAINABILITY

Migration

Migration height-adjustable desk allows employees to transition from seated to standing height postures throughout the day, stimulating mental and physical activity and promoting well-being in individual and group workspaces.

ADDITIONAL PRODUCT INFORMATION

▶ <http://www.steelcase.com/products/height-adjustable-desks/migration/>

SUSTAINABILITY

Ology

The Ology height-adjustable desk is designed to support the physiology and biology of workers. A desk that supports the wellbeing of each individual also supports the wellbeing of the business, making it a key asset to any organization.

ADDITIONAL PRODUCT INFORMATION

SUSTAINABILITY

TABLES

Convene

Convene meeting tables and conference room furniture create a beautiful, durable, high-end space that reflects the essence of your brand.

It's time for furniture that exudes confidence. Created to maximize customization and seamlessly welcome collaboration and technology, Convene can adapt to any situation. It creates a beautiful, durable, high-end space that reflects the essence of your brand.

ADDITIONAL PRODUCT INFORMATION

▶ <http://www.steelcase.com/products/tables/convene/>

SUSTAINABILITY

Akira

Akira is a user-friendly, multi-purpose table for active spaces. Akira flips and nests, so you can easily set it up, move it, or take down a roomful. It stores compactly. And Akira can adjust in height, so if you need a slightly taller table, Akira can fit you. Akira will enhance the look and performance of any multi-purpose, training, conference, or classroom.

ADDITIONAL PRODUCT INFORMATION

▶ <http://www.coalesse.com/products/akira-table/>

SUSTAINABILITY

Train

Flip, nest, roll, link. Train tables offer the ultimate high-powered solution for training, computer lab, seminar, and multipurpose rooms.

The raceway option provides distribution of both power and data plus ample wire management. The modesty panel option provides basic wire management. All Train tables nest and link easily using our patented coupling device.

ADDITIONAL PRODUCT INFORMATION

▶ <http://www.coalesse.com/products/train-table/>

SUSTAINABILITY

Runner

Every table in the Runner family brings personality and versatility to multipurpose, training and conference rooms, seminar and classroom settings, and cafeteria and breakout areas.

Runner table is a complete line. It is rich in details and versatile, with multi-purpose functionality, that doesn't compromise appearance.

ADDITIONAL PRODUCT INFORMATION

▶ <http://www.coalesse.com/products/runner-table/>

SUSTAINABILITY

au lait

The au lait table collection is a lightweight design that makes it simple for anyone to setup, move, nest and reconfigure a room.

Its uniquely styled arc-shaped nesting base and self-locking hinge mechanism make it the perfect choice for cafeterias and executive, corporate, hospitality and educational environments.

ADDITIONAL PRODUCT INFORMATION

▶ <http://www.coalesse.com/products/au-lait-table/>

SUSTAINABILITY

Universal

Increase your design options with our most versatile table. Universal Tables are a welcome addition to active spaces.

Universal Tables can be used in a variety of individual and team settings. With multiple shape options and a full range of bases and legs to choose from, Universal Tables truly are universal.

ADDITIONAL PRODUCT INFORMATION

▶ <http://www.steelcase.com/products/bins-shelves/universal-storage/>

SUSTAINABILITY

Ellipse

The open design and simple shapes of Ellipse satisfy diverse application needs. Versatile components and worksurface shapes help provide a single solution for a wide range of applications.

The flexibility of Ellipse translates perfectly to corporate training rooms and educational classrooms. Side-by-side connections, ninety degree connections and junction tops allow you to create a range of classroom configurations.

ADDITIONAL PRODUCT INFORMATION

▶ <http://www.steelcase.com/products/desk-systems/ellipse/>

SUSTAINABILITY

Groupwork

Groupwork tables and visual worktools promote open thinking from project rooms to café spaces, and anywhere in between.

The Groupwork line contains a variety of worksurface shapes and sizes that can be pushed together or pulled apart to create any configuration or used on their own for personal desks.

ADDITIONAL PRODUCT INFORMATION

▶ <http://www.steelcase.com/products/tables/groupwork/>

SUSTAINABILITY

<http://www.steelcase.com/products/tables/groupwork/>

Simple

Simple Tables reconfigure effortlessly, allowing you to rearrange your space for work or play. The simple, clean design fits easily into any home or office setting. Simple Tables are modular so you can arrange and re-arrange as needed.

ADDITIONAL PRODUCT INFORMATION

▶ <http://www.steelcase.com/products/tables/simple-tables/>

SUSTAINABILITY

Made with up to 71% recycled content

Verb

Verb is an integrated collection of classroom furniture including tables, whiteboards, and instructor stations designed to support a full range of teaching and learning styles.

Verb classroom tables are specifically designed to support different learning modes. The chevron shaped table improves sight lines, encourages collaboration and helps define personal work areas.

SUSTAINABILITY

Crew

Crew office chairs deliver all-day comfort and a high level of performance with simple, intuitive controls, right at your finger tips. Classic and refined, Crew was designed by Brian Kane.

ADDITIONAL PRODUCT INFORMATION

▶ <http://www.steelcase.com/products/office-chairs/crew/>

SUSTAINABILITY

Criterion

Criterion's soft curves and pleasing contours provide all-day comfort. The seven independent adjustments offer support through the full range of dynamic seating postures.

**Criterion Plus also available and can accommodate up to 500lbs.*

ADDITIONAL PRODUCT INFORMATION

▶ <http://www.steelcase.com/products/office-chairs/criterion/>

SUSTAINABILITY

Gesture

We know that today's workplace has to accommodate a wide range of users sizes. Most chairs are only designed to fit one person: the average.

Gesture solves for the broadest range of sizes. Whether large or small, Gesture promises personalized and custom comfort for all users in one simple solution, all while utilizing a minimal footprint.

ADDITIONAL PRODUCT INFORMATION

▶ <http://www.steelcase.com/products/office-chairs/gesture/>

SUSTAINABILITY

Reply

Reply chair controls give you comfort right at your fingertips—the kind of comfort that makes it easy to sit for a long time, with the kind of control unexpected in a chair this reasonably priced. And Reply's high-performance mechanism provides the adjustments you need for long-term comfort.

Reply is ready to take on whatever your workday brings. Simple, easy-to-use controls provide the individual comfort adjustments you need to make sitting a pleasure.

ADDITIONAL PRODUCT INFORMATION

▶ <http://www.steelcase.com/products/office-chairs/reply/>

SUSTAINABILITY

Jersey

Style meshes with great support. A gracefully curved back and a comfortable seat define this Brian Kane design. With Jersey's double mesh back, the first layer gives you a comfortable contact surface and the second layer provides support. Ergonomic features are simple to adjust so you can sit easy all day long. The Jersey guest chair completes the look.

ADDITIONAL PRODUCT INFORMATION

▶ <http://www.steelcase.com/products/office-chairs/jersey/>

SUSTAINABILITY

Protégé

This simple and supportive chair provides you with what you need for every task you take on throughout your day.

Protégé fits perfectly into smaller workspaces — and budgets.

Contoured for your comfort, Protégé comes with a wide variety of adjustments and fabrics.

ADDITIONAL PRODUCT INFORMATION

▶ <http://www.steelcase.com/products/guest-chairs/protege/>

SUSTAINABILITY

Jack

While providing hard-working comfort for all-day support, Jack has a swivel seat, synchro tilt, and pneumatic height adjustment for fluid movement. Not only can you choose from armless, fixed, or adjustable arms, but Jack is customizable with dozens of fabrics to compliment your workspace's style.

ADDITIONAL PRODUCT INFORMATION

▶ <http://www.steelcase.com/products/guest-chairs/jack/>

SUSTAINABILITY

Leap

A perfect fit with an exceptional range of adjustments, the Leap office chair delivers full support for various body shapes and sizes.

Moving helps reduce pressure on the spine, sends oxygen to your muscles, and increases blood flow to your brain. Movement is healthy and your desk chair should support your body as you move.

**Leap Plus also available and can accommodate up to 500lbs.*

ADDITIONAL PRODUCT INFORMATION

▶ <http://www.steelcase.com/products/office-chairs/leap/>

SUSTAINABILITY

Think

Think is the chair with a brain and a conscience. It's intelligent enough to understand how you sit and adjust itself intuitively. It's thoughtful enough to measure and minimize its impact on the environment.

Think is easy to use. The intelligent ergonomic design allows the user to personalize their comfort through few manual adjustments.

ADDITIONAL PRODUCT INFORMATION

<http://www.steelcase.com/products/office-chairs/think/>

SUSTAINABILITY

Amia

That nice flex you feel when you lean against the Amia chair's backrest is the LiveLumbar™ technology inside. Different than a typical lumbar "cushion", LiveLumbar is a system of flexors that move with your back for consistent, dynamic support. Two handles on the chair's backrest let you slide the LiveLumbar to the ideal position for you.

ADDITIONAL PRODUCT INFORMATION

SUSTAINABILITY

Topaz

A post-modern aesthetic and classical references make Topaz appropriate for both traditional and transitional environments. Generously proportioned, it is ideal for guest and reception areas.

ADDITIONAL PRODUCT INFORMATION

▶ <http://www.steelcase.com/products/guest-chairs/topaz/>

SUSTAINABILITY

Capa

Capa's contemporary style and practical comfort provide a unique seating experience for any room. A flexible back and distinctive recessed side panels offer a comfortable resting place for occupants of any posture, and its flowing lines set it apart from typical stacking chairs.

ADDITIONAL PRODUCT INFORMATION

▶ <http://www.steelcase.com/products/guest-chairs/capa-2/>

SUSTAINABILITY

Enea

Comfortable, stackable, and versatile, the Enea stacking chair offers a greater level of comfort and support than other comparable side chairs or barstools. Arm and armless seating offer ideal detailing for open plan layouts.

ADDITIONAL PRODUCT INFORMATION

▶ <http://www.steelcase.com/products/guest-chairs/enea/>

SUSTAINABILITY

Domino

Durable, lightweight, affordable stack chair. Quick-connect glides are designed to gang. Add color and comfort with upholstered seat and back cushions. Stacks 20 high on transport dolly.

Go ahead—pull up a chair, or two, or four. It's no sweat to move or stack Domino. Comfort gets colorful with added seat and back cushions. Plus, quick connect glides lock these chairs together nice and easy.

ADDITIONAL PRODUCT INFORMATION

▶ <http://www.steelcase.com/products/guest-chairs/domino/>

SUSTAINABILITY

Player

The simple and durable Player chair is a convenient, comfortable, stackable chair for a multitude of uses. It's the perfect solution for high traffic areas like waiting rooms, classrooms, cafes or multi-purpose spaces. A true "team player," its slim, quiet aesthetic fits in just about anywhere.

ADDITIONAL PRODUCT INFORMATION

▶ <http://www.steelcase.com/products/guest-chairs/player/>

SUSTAINABILITY

QiVi

People don't just sit in meetings. They interact, brainstorm and create. QiVi, an intelligently designed collaborative office chair, encourages movement, supports multiple postures and provides comfort for extended periods of time—fostering collaboration in a variety of settings.

ADDITIONAL PRODUCT INFORMATION

▶ <http://www.steelcase.com/products/collaborative-chairs/qivi/>

SUSTAINABILITY

Reply

Choices for seating are abundant with Reply — a complete global family of task and guest chairs that are as nice to look at as they are to sit in.

There's a Reply chair for every space. Roll it in for a quick discussion or a longer project meeting. Put it to work in a conference room. Or bring it out for big gatherings and events, then stack six-high when everything is over.

ADDITIONAL PRODUCT INFORMATION

▶ <http://www.steelcase.com/products/guest-chairs/reply-chair/>

SUSTAINABILITY

Max Stacker I

Max-Stacker side seating offers clean lines and a durable steel rod frame. It's Perfect for high traffic areas. Not only does it stack up to 45 chairs high, but you can transport it on a storage dolly. A tablet arm, bookrack, and soft glides are also available.

ADDITIONAL PRODUCT INFORMATION

▶ <http://www.steelcase.com/products/guest-chairs/max-stacker/>

SUSTAINABILITY

Max Stacker II

Max-Stacker II has all the performance and proven dependability of the original Max-Stacker, with a rounded back, curved lines and upholstery options to provide added comfort.

ADDITIONAL PRODUCT INFORMATION

▶ <http://www.steelcase.com/products/guest-chairs/max-stacker-ii-2/>

SUSTAINABILITY

Cachet

The Cachet chair provides the perfect blend of comfort, ergonomics, durability and versatility. Its unique balanced-action suspension system automatically adjusts to provide you with proper support. Its composite edges and flexible slotted surfaces absorb and evenly distribute your body weight, providing instant comfort every time you sit.

ADDITIONAL PRODUCT INFORMATION

▶ <http://www.steelcase.com/products/guest-chairs/cachet/>
